

AEROFLEX

High Capacity Road Transport

AEROFLEX demonstrators

Focussing innovation on smarter mobility solutions for smarter policies

What to see, hear and expect

Final Event

28 September 2021

At ZF Testbahn GmbH
Jeversen, Germany

Register yourself now!

www.aeroflex-project.eu

We offer a full day event.

You are welcome to join physically or to join the live stream

An **Energy Management Powertrain** architecture for distributed powertrains. 

 A **Smart Steerable Dolly** for EMS vehicles and automated yard operations.

Active Aerodynamic Devices for the complete vehicle, adaptable to the logistics task. 

 **Smart Loading Units and Tools** for more effective loading space utilisation and multimodal transport.

Book of Recommendation for a sustainable implementation 

After 46 month of hard work, we are proud to demonstrate and present the results of all innovations developed and show the pathway to improve long-haul road freight transport efficiency up to 33%
